

DiRxctional
Speciality Referrals Simplified

DiRxctional — Clinic User Guide

Simple reference for clinic staff using the DiRxctional platform.

v1.0 — April 2026

Table of Contents

1. Getting Started —

- 1.1 Logging in for the first time - 1.2 What your dashboard shows

2. The 5-Step Flow —

- 2.1 Step 1 — Find or create the patient
- 2.2 Step 2 — Start the referral
- 2.3 Step 3 — Upload the documents
- 2.4 Step 4 — Submit
- 2.5 Step 5 — Track progress

3. Common Questions —

- 3.1 How do I add a new patient?
- 3.2 How do I check a referral's status?
- 3.3 How do I check if a Prior Authorization is needed?
- 3.4 How do I add a note to a referral?
- 3.5 What do I do if a referral is rejected?
- 3.6 The patient already has an approved PA — do I still upload PA docs?
- 3.7 A patient is on a bridge program — what do I do?

4. Understanding Referral St

- 4.1 Referral status meanings
- 4.2 PA status meanings

5. Need Help? —

- 5.1 Contact information - 5.2 Tips for getting fast answers

1. Getting Started

1.1 Logging in for the first time

Go to app.dirxctional.com and click Log In.

The main login screen with the DiRxctional logo and Log In button.

If this is your first time, you should have received an email invite from DiRxctional. Click the link in that email to set your password. If you didn't get one, contact your office manager or email us at the address at the end of this guide.

1.2 What your dashboard shows

After logging in, you'll see your clinic dashboard. This is your home base.

Dashboard showing stat cards and recent referrals.

From here you can: - See recent referrals at a glance - Jump to your patient list - Start a new referral

2. The 5-Step Flow

Every specialty pharmacy referral takes 5 steps. Most take under 5 minutes.

2.1 Step 1 — Find or Create the Patient

Click Patients in the sidebar, then either: - Search for an existing patient by name - Click + Add New Patient if they're new to you

Next: Referral Method →

Patient detail page with + New Referral button in the top right.

2.3 Step 3 — Upload the Documents

Drag and drop (or click to upload) the documents you have: - Completed enrollment form (Dupixent MyWay, Humira Complete, etc.) - Chart notes / clinical documentation - Insurance card images (front and back)

The screenshot shows a 'New Referral' form with a progress bar at the top indicating 'Step 2 of 4: Referral Method' is 50% complete. Below the progress bar, patient information for John Smith (DOB: Mar 14, 1985) is displayed. The main section is titled 'STEP 2 OF 4 Upload Documents' with the instruction 'Upload all relevant documents for this referral'. It contains three document upload zones, each with a dashed border and a 'Choose File or Drag & Drop' button. The first zone is for 'Referral Form / Prescription' (Required, PDF, JPG, PNG). The second zone is for 'Insurance Cards' (Front & back — Upload both as separate files) with a toggle for 'Patient has no insurance'. The third zone is for 'Chart Notes, Lab Results, Other' (Optional — Any additional supporting documents). At the bottom, there are two informational boxes: one stating 'Our AI will automatically extract patient info, provider details, drug information, and more from your documents.' and another stating 'Our team will handle the PA and process'. Navigation buttons 'Back' and 'Next: Choose Pharmacy' are at the bottom.

Blank new patient form showing required fields.

You only need the basics to start — you can add more details later. Required fields are marked with a red asterisk.

3.2 How do I check a referral's status?

Click Referrals in the sidebar. Every referral has a colored status badge.

STATUS	
	● Sent to Pharmacy
ridge	● In Review
ridge	● Rejected
	● Approved
Bridge	● Approved

Close-up of the status badges: Uploaded, In Review, Approved, Sent, Rejected.

See section 4 below for what each status means.

3.3 How do I check if a Prior Authorization is needed?

When you open a referral, look at the PA Status card. It tells you: - Whether a PA is required - The current status (Pending, Submitted, Approved, Denied) - Approval expiration date (if approved)

Insurance & PA

Has Insurance
Yes

PA Required

PA required — DiRxational team will handle this

PA Handled By
Clinic

Referral detail page showing the PA Status card with badge and details.

You don't submit PAs yourself — the DiRxctional team handles that. You just watch the status update.

3.4 How do I add a note to a referral?

Open the referral, click the Notes tab, type your message, hit Send.

Referral detail page with Notes tab open, showing chat-style thread.

Both you and the DiRxctional team can read and reply. Use notes to share context, ask questions, or flag urgent issues.

3.5 What do I do if a referral is rejected?

Open the rejected referral to see the rejection reason. Click Resubmit, upload any corrected documents, and send it again.

 Resubmit Referral

Rejected referral showing reason and Resubmit button.

3.6 The patient already has an approved PA — do I still upload PA docs?

No — just upload the enrollment form, chart notes, and insurance card. Our team checks the patient's file and uses the existing PA if it's still valid.

3.8 A patient is on a bridge program — what do I do?

Upload the manufacturer enrollment form as normal (it has the bridge enrollment on it). Add a note telling us the patient is on a bridge so we know to send the referral before the PA comes back.

4. Understanding Referral Status

4.1 Referral status meanings

Status	What It Means	What You Do
Uploaded	You've started the referral	Continue uploading docs and submit
Processing	AI is reading your documents	Wait — usually 1-2 minutes
In Review	DiRxctional team is reviewing	Nothing — we're on it
Approved	Ready to send to pharmacy	Nothing — we handle delivery
Sent to Pharmacy	Pharmacy has received the referral	Patient will hear from the pharmacy soon
Rejected	Something needs your attention	Check the reason and resubmit

4.2 PA status meanings

PA Status	What It Means
Not Started	PA hasn't been submitted yet
In Progress	DiRxctional team is working on it
Submitted	PA has been sent to insurance
Approved	Insurance approved coverage
Denied	Insurance denied — we'll reach out about next steps

5. Need Help?

5.1 Contact information

Email: support@dirxctional.com

Platform URL: app.dirxctional.com

5.2 Tips for getting fast answers

If something's broken, confusing, or you're stuck on a referral — email us. We usually reply within a few hours during business days.

For questions about a specific referral, the fastest way is to add a Note to that referral (see question 3.4). That way the whole conversation stays with the referral.
